

Stevens Memorial Library **Third Tuesday Book Discussion**

Tuesday, July 17

7:00 pm

“In 1896, the extraordinarily gifted Mileva is the only woman studying physics at an elite school in Zürich. There, she falls for charismatic fellow student Albert Einstein, who promises to treat her as an equal in both love and science. But as Albert’s fame grows, so too does Mileva’s worry that her light will be lost in her husband’s shadow forever.”
